

Clearcreek Fire District

2002 Annual Report

CLEARCREEK

FIRE DISTRICT

Fire Protection and Paramedic Services

February 18, 2003

Honorable Board of Clearcreek Township Trustees, Springboro City Council, Administrator Dennis Pickett, Assistant Administrator Ronald Wilhelm, City Manager Chris Thompson, employees of the Clearcreek Fire District and citizens and visitors of Springboro and Clearcreek Township.

It is my privilege to present the 2002 Clearcreek Fire District Annual Report.

This annual report reflects the activities and achievements of the Clearcreek Fire District during 2002. This report is divided into several sections, which explain the many different activities in which the Clearcreek Fire District participates. As you will see, we truly are the "risk management" department for the communities of Springboro and Clearcreek Township.

In May 2000, the Clearcreek Fire District received voter approval to implement our ten-year master plan. The M.M.A. Fire Protection Consultants developed this plan. The Clearcreek Fire District is committed in "Keeping the Promise" to the citizens and visitors of our community. I am pleased to report that ten of the seventeen primary elements identified have been accomplished.

The members of the Clearcreek Fire District are grateful for the support we received from you and the citizens of Springboro and Clearcreek Township. We look forward to working with you for the safety, prosperity and future growth of Springboro and Clearcreek Township.

I dedicate this annual report to all of the men and women who have paid the ultimate sacrifice so we, as neighbors, may all be safe and secure in our homes.

Respectfully,

Bernie Becker,
Chief of Department

The mission of the Clearcreek Fire

District is to provide customer -

oriented health, safety, fire and

emergency services with

professionally trained personnel in

an efficient and cost - effective

manner, utilizing resources provided

by the community.
