Officers Hawk and Barton met hundreds of Dennis Elementary students Monday morning as they walked from the buses to their classrooms. Every student at Dennis, Five Points and Clearcreek Elementary received a candy cane from local police officers.

Comfort for Schools

In effort to ease the arrival back to school after the horrific school shooting in Newton Connecticut, Clearcreek Officers as well as Springboro Officers came together to reassure the schools that they will do whatever it takes to keep our community a safe place.

Accreditation Update

The Clearcreek Township Division of Police was awarded national accreditation by the Commission on Accreditation for Law Enforcement Agencies in July 2010. The Division of Police is currently in the reaccreditation process. During its three-year accreditation award cycle, the agency must maintain compliance with applicable standards, keep its proofs of compliance up-to-date, and live by the *letter and spirit* of those standards. To retain its accredited status, the agency is required to submit to CALEA their appropriate accreditation continuation fees, as well as an annual report each year. Reaccreditation occurs at the end of the three years, following another successful on-site assessment and hearing before the Commission.

As the accreditation manager, Sgt. Stacy was busy making sure that standards were being met, required annual reports and analysis were being completed, and attending S.O.A.R. (State of Ohio Accreditation Resources) meetings to keep current on changes in the C.A.L.E.A. process and to learn how to better prepare for the first reaccreditation assessment coming up in August of 2013.

C.A.L.E.A. made several changes to the accreditation process in 2012. The CALEA process has always been very dynamic during its thirty-three year history. However, the pace of change has quickened during the past few years as electronic communications and technologies have allowed organizations to work smarter and improve efficiency. It is generally accepted that each of the changes implemented have added more value to CALEA Accreditation.

Police Department—Personnel Training

One of the goals of the Clearcreek Township Division of Police is to have well trained and professional Police Officers. In 2012 we made progress toward that goal. Through an agreement with Butler Tech Public Safety Training our Officers were able to attend advanced training courses at reduced rates. Officers were also able to view online training courses through various sources including the Ohio Attorney General's Law Enforcement Gateway. Our Officers were able to take advantage of other available training opportunities in the area as well. Chief Terrill believes that it is important for all Officers to continue their career training, enlarging their knowledge base, adding new skills and abilities, so that they may better serve the citizens of the Township.
