## Monthly Report

April 2023

*Above and*  
**BEYOND**

On 3/14/23, Lieutenant Naveed Khan and Firefighter / Paramedics Jordan Holbrook and Jimmy Powell responded to a residence for an obstetric emergency. Upon arrival, they found Mercy Chong in active labor with the baby breech. A breech birth happens when the baby is positioned either buttocks or feet down instead of headfirst, presenting severe risks to both mother and child. With no time to spare, our medics assisted the mother in delivering the baby. The crew then attended to the infant and mother and transported both to Kettering Health Washington Township.

At the April 10<sup>th</sup> Clearcreek Township Trustee Meeting, Traci Gabbard, Clinical Nurse Manager for Kettering Health, presented Jordan and Jimmy with the Stork Pin to honor these gentlemen. Naveed had to respond to an emergency and was unable to attend the presentation; however, he received his pin later that evening.

Additionally, the Chong family offered their gratitude for keeping their family safe. The baby's older siblings presented our medics with a hand-made card and a toy truck as a "thank-you" for caring for their baby brother. We are immensely proud of Lieutenant Khan and Firefighter / Paramedics Holbrook, and Powell. Keep up the excellent work, gentlemen!

*Meet your*
