Hi! I'm Eddie Eagle, and this is the Wing Team! We're here to teach you an important lesson about gun safety. If you haven't watched our special video yet, be sure to visit the Eddie Eagle Tree House to check it out! The Tree House also has more fun activities like sing-alongs, coloring pages and my favorite—the Wing Team Challenge!

Visit www.eddieeagle.com to get started.

AN IMPORTANT MESSAGE FOR PARENTS

The Eddie Eagle GunSafe® Program was created in 1988 by reading and curriculum specialists, teachers, law enforcement, psychologists and other professionals. The program continues to evolve through the years, but its mission remains the same: teach children what to do if they ever come across a gun.

If your child sees a gun, he/she should:

**STOP
DON'T TOUCH
RUN AWAY
TELL A GROWN-UP**

We encourage you to reinforce these ideas by repeating this message and discussing it with your child.

It is the parent's responsibility to ensure that guns are stored safely. NRA's longstanding rule of gun storage is: Store your guns so that they are inaccessible to any unauthorized users, especially children. NRA's Eddie Eagle Program brochure, "A Parents' Guide to Gun Safety," has more information on how parents can keep their children safe.

For more information about the program and additional resources, including a parents' guide to gun safety, visit eddieeagle.nra.org. For specific questions and inquiries, contact the Eddie Eagle Department at eddieeagle@nrahq.org or **1-800-231-0752**.
