I have no issues with Mr. Wright's business across the street from me. ~~He~~ I recommend the zoning request as long as it is a zoning for the specific type of business that he is currently running.

To whom it may concern,

We have had no issues with Mr Wright's business being across the street from us. He has kept the property nicely maintained and the business he runs is quiet. We recommend the zoning request as long as it is a zoning for the specific type of business that he is currently running.
